Y GIRLS CODE

What do you want to be when you grow up? If you think you might want to be a #tech star, get your start with our free Y GIRLS CODE club!

You’ll learn to code in a fun, friendly way and join a sisterhood of girls like you as you discover how to use tech to solve a problem happening to people you know. You’ll learn concepts behind all programming languages, too, whether you want to build an app, create a website, design a game, or program a robot! And after you finish, you can tap into a network of girls, women, and leaders in Charleston. Email Joselyn at EmpowermentCoordinator@ywca-charlestonsc.org or call her at 843.722.1644 to sign up.

WHO | Any interested girl in grades 3, 4, or 5
WHERE | Baxter-Patrick James Island Library
